

ATOMIC BOMBS IN THE BIBLE

Millions will die when nuclear weapons are used against Israel's enemies, Russia, and the United States

ATOMIC BOMBS IN THE BIBLE

“And this shall be the plague wherewith the Lord will smite all the people that have fought against Jerusalem; **Their flesh shall consume away while they stand upon their feet, and their eyes shall consume away in their eye sockets, and their tongues shall consume away in their mouth** ... And so shall be the plague of the horse, of the mule, of **the camel**, and of the donkey, **and of all the beasts that shall be in these tents**, as this plague.’ Zechariah 14:12,15

Bible Prophecy gives our generation ample warning to be ready to flee certain nations before they experience nuclear holocaust. During the cold war with the former Soviet Union there had been much fear of mass death and destruction through the use of atomic bombs. However, most people are unaware that the threat posed by nuclear weapons against America and other parts of the world is more formidable now than ever. Russia has re-emerged as a formidable nuclear threat because it has again stood up against the West while backing terrorist sponsoring nations like Iran, Syria, and Venezuela. Moreover, various terrorist organizations are supplied with ample funds to plague America and rogue nations like North Korea and Iran (backed by both Russia and China) threaten to reach the entire world with their long range nuclear ballistic missiles.

The Bible gives credence to our fears. The prophet Zechariah predicted that a horrifying weapon would be used in modern times. Something so powerful and so sudden that it will burn away flesh, eyes, and tongues while people are yet standing upon their feet. This is exactly what happens when people are killed by the heat of atomic bombs. Human flesh is severely burned away before the bodies have a chance to hit the ground.

Zechariah’s prophecy further speaks of the Arab and Muslim Nations that have repeatedly fought against Israel. The mention of camels as well as horses and donkeys makes it quite clear that God is talking about the Muslim peoples that have taken up arms against Israel in the Middle East. What other people have fought against Israel in our present time?

The Hebrew Prophets have foretold us that many Muslim people who have chosen to fight against Israel shall be plagued by something so powerful that their eye balls would literally consume away or melt in their eye sockets and their tongues would consume away or literally “melt” within their mouths. The above description graphically describes the condition of many of the Japanese citizens of Hiroshima and Nagasaki during the end of World War II. The heat of the atomic bombs was so great that it literally melted flesh off of human bones right down to the complete disintegration of the eyes and tongues within their skulls. The mention of all kinds of domesticated beasts of burden receiving the same fate as the people gives credence to the fact that this scripture is speaking about Muslim nations. May all people living in nations hostile to Israel be warned before it is to late.

The domesticated animals mentioned in Zechariah's prophesy (donkeys and camels) are still prevalent and very popular in the Middle East. That is why we know that it will be the Muslims nations who fight against Israel that will suffer from nuclear holocaust in the Middle East. May many Muslims repent of their hostility towards the Jews before it is too late.

The most reliable Islamic records prove that the prophet Muhammad's anti-Semitism is clearly against the will of God! The Muslims will never annihilate the Jews. All people who will attempt to annihilate the Jews will themselves be annihilated by God. In this end time many Muslims will realize that their founding prophet was wrong for his anti-Semitism and for his belief that Muslims would annihilate the Jews at the end of this age!

It is common knowledge that Israel currently has the atomic bomb as a deterrent to any Arab or Muslim nation that might decide to use the bomb against Israel. Pakistan has already tested its atomic bombs and there are other Muslim nations who are currently working on nuclear weapons that pose a threat to Israel. There is a real possibility that Israel will conduct a preemptive strike against any nation that would develop these weapons of mass destruction.

There is much evidence proving that Iran is very close to developing its own nuclear weapons. In 1994 I met an Iranian student that was studying in an American College on Long Island. I witnessed to him and began teaching him a Bible Study. This student bragged to me that his nation was going to obtain the knowledge to produce nuclear weapons. He grinned at me as he stated that his nation was working on producing nuclear weapons and that they were going to have them soon.

I could not help but to believe that he was telling me the truth. I personally believe that he was sent to the United States to gather as much information as possible to help his nation produce atomic warheads. In our greedy world, all you need is money and you can either gain the knowledge to produce whatever you want or you can buy whatever you want.

I strongly suspect that Iran will soon obtain nuclear weapons and that this might spark a major war in the Middle East. Israel is the most likely instrument to bring this plague of judgment against its enemies. Just as Haman (See Esther 7:9,10) was killed on the very gallows that he constructed to kill Mordecai the Jew with so will all who construct nuclear weapons to destroy Israel be destroyed by this weapon.

Many hostile Muslim nations are rich with oil revenue to have the purchasing power to obtain weapons of mass destruction. Many years ago I read in a newspaper that the terrorist organization headed by Bin Laden had purchased nuclear warheads. It was reported in an Arab newspaper that Bin Laden's terrorist organization had paid for nuclear warheads from the former Soviet Union and that he is paying people to convert the warheads into smaller atomic bombs that will fit inside common suit cases. It is obvious what he had intended to do with these suit cases once he obtained them. He could wreak havoc in American cities by sending only one terrorist to each city. If Bin Laden does not complete what he obviously planned to do, some other terrorist leader (possibly within his own organization) might one day have the ability to carry out his plans. One of these suit cases might take out much of Manhattan and leave enough nuclear fall out to kill or severely harm millions of people living in New York City, including its suburbs.

In the twin tower disaster America lost about three thousand people. How many people would be killed with even a small nuclear weapon? What would America's response be if America was hit by nuclear weapons? Could it set off the next World War?

American port cities are always vulnerable from trading with foreign nations. America trades with most countries of the world, including Muslim nations. A terrorist group could easily form or work with a secular corporation to bring in many nukes on cargo ships and have them all explode on the same day to maximize the effect of the attack. America went to war with Afghanistan and Iraq from the loss of just three thousand of its citizens. What would America's response be if it lost many millions of its people. When the Japanese bombed Pearl Harbor it outraged the American people. America would probably attack any nation it thinks may be responsible. America may attack nations like Iran, Syria, and North Korea. It is easy to see how this could escalate into a World War III scenario. Russia and China back Syria, Iran, and North Korea. Most people do not realize how easily another World War could break out at any time.

The United States Government cannot keep illegal drugs and illegal immigrants out of its borders. Can Americans really trust their government to protect them from terrorists smuggling in nuclear bombs? Could terrorists sponsored by nations such as Iran and Syria (both allies of Russia) set off the next World War? Russia is giving its high tech long range bombers and nuclear secrets to Venezuela. If Russia is really America's friend then why does Russia support every nation that opposes the United States?

The atomic bombs used on Hiroshima and Nagasaki were not as powerful as the nuclear warheads of today. Modern nuclear warheads are said to be many more times powerful than the bombs used on Japan at the end of the War. A small nuclear device might do as much damage as was done to two Japanese cities. The people living in America must wake up to the realization that we are not as safe as we thought we were. We are all in grave danger of a sudden nuclear holocaust.

Years ago, America was relatively safe from foreign bombings due to the vast Atlantic and Pacific Oceans. Modern day advances in technology have given hostile nations, including terrorists, the ability to wage war on the United States without needing a vast modern army. Many intelligent men, including Warren Buffet, believe that it is not a question of if, but when, major U.S. cities will be struck with nuclear weapons.

May all be ready to die in a saved state. For all who are not in a right relationship with God when they die will suffer the eternal torments of Hell. Hell is far worse than the brief encounter with death that we all must face sooner or later (Read Revelation Chapter twenty).

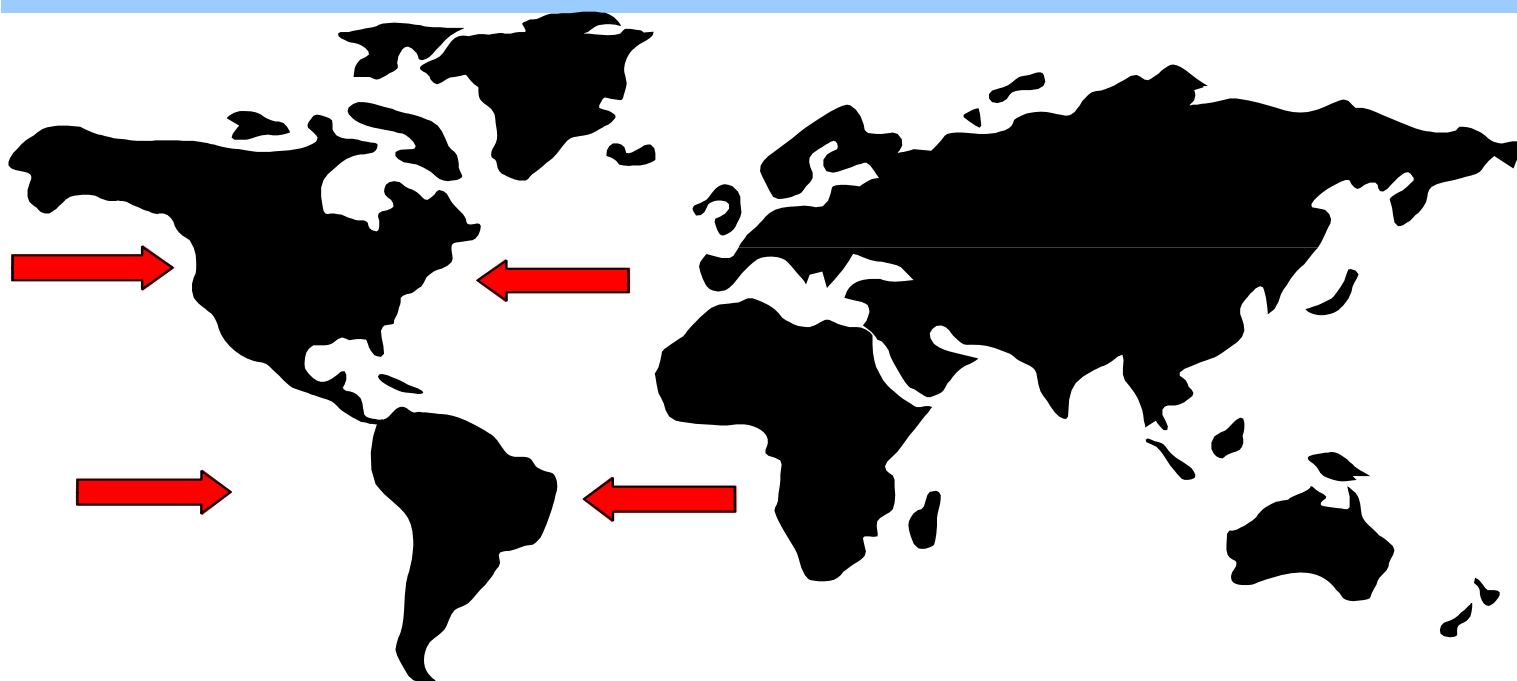

Not only does the Bible predict that many Muslim nations would suffer from nuclear holocaust. The prophet Ezekiel predicted that Russia and America would also be devastated by these weapons: "And I will send a fire on Magog, and among them that dwell carelessly in the Isles." Ezekiel 39:6

Most Bible prophecy scholars and teachers believe that this scripture is speaking of Russia and the United States. Magog is an ancient name for the people of Russia. Those dwelling carelessly in the Isles (The Hebrew word can mean "Isles", "Coastlands", or "distant shores") is believed to be United States because we have not known the devastation of modern warfare in our continent within the past 100 years. Therefore it is the United States of America who dwells carelessly in the Isles - or "distant shores" of the New World. To the people of ancient times the New World would be considered "distant shores" or Islands that are afar off since North and South America are separated from the rest of the world by the enormous Atlantic and Pacific Oceans.

What would happen if terrorists started a wide scale bombing of American cities. America might respond with nuclear weapons against rogue nations that sponsor terrorists. Israel would surely respond if it was attacked with nuclear weapons. Terrorists could easily set off a global nuclear confrontation.

No one knows for sure exactly how it will all begin but the Bible clearly states that it is just a matter of time until America, Russia, and those who would dare to fight against Israel in the near future will be devastated by nuclear weapons. Christians living in North America, Russia, and certain Muslim nations must be prepared to exit those nations in the near future or they will also die in the nuclear attacks.

Since the Americas are separated by the enormous Atlantic and Pacific Oceans ancient peoples would have viewed the distant continents of North and South America as Isles or distant shores. The Red arrows below show that the Americas are separated from the rest of the world by the vast Atlantic and Pacific Oceans. Hence they are clearly "distant shores" to the rest of the world!

The prophet Ezekiel predicted that Russia will invade a greater Israel after Israel expands its territory through the next war in the Middle East. After the war, there will be an infusion of American Jews into Israel. Therefore Russia will come against a very strong, populated, and prosperous Israel with a vast army, including many troops from allied nations. This will one day escalate into a nuclear war between the United States and Russia. When Israel wins the next Arab Israeli War and expands its territory to accommodate millions of Jews from the United States and other nations around the world, most of the world will be outraged. Could the next Arab Israeli war be the catalyst to stir up Russia to eventually invade Israel?

Since Russia has a naval base on the Mediterranean coast of Syria it is very probable that the Russian air force and navy might get involved directly in the next Arab - Israeli war. Russia also backs Iran by providing assistance with their nuclear reactor and advanced weapons technologies. When Israel attacks Iran it is very probable that Russia will involve itself in the military confrontation against Israel by sending out its MIG'S to intercept Israeli bombers. Russia will probably not get directly involved at the start of the conflict but it will probably get involved after both the Iranian and Syrian air forces are wiped out by Israel. That is when Russia is likely to send its air force to intercept the Israeli war planes but the Russian planes will fall from the sky. I believe that this humiliating defeat will move Russia to build up its military forces to fight with Israel again in the future but only after Israel experiences a period of peace and prosperity (See Ezekiel chapters 38,39).

While in prayer in the summer of 2009 I saw a vision of Israeli fighter bombers being escorted by angels of God. I saw the angels backing the Israeli war planes to the extent that the angels assisted the Israeli missiles so that they hit their destinations (in a landscape with many large hills and valleys) while they protected the Israeli aircraft. Then I saw another vision of a plane with a Russian red star fall out of the sky when it tried to intercept the Israeli war planes. Then I heard the Spirit say, "No nations, not even the superpowers, will be able to destroy Israel in these last days." A prophet in our church also saw a separate vision of a Russian Stealth Bomber (which will probably be sent against the advancing Israeli Defense Forces) make an emergency landing in IDF held territory. Just as God knocked the Egyptian chariot wheels off of their axels while pursuing the Israelites in the Red Sea so will the Lord God cause Russian warplanes to fail when they are sent against Israel.

Israel will be very successful in the next war which will outrage the world. We have seen many prophetic visions revealing that Israel will completely route its enemies by land, by sea, and by air. When Russia decides to intervene to protect its allies, even the Russian planes will go down. Just as Yahweh God fought for the Hebrews against Pharaoh's chariots so God's mighty hand will thwart Russia's attempts to stop the Israeli advance.

We believe that Russia's military will be humiliated when it decides to come to the aid of its Syrian and Iranian allies. Many nations will probably praise Russia if it decides to intervene but many people will think that this war will escalate out of control into a World War III. Iran is likely to retaliate against U.S. forces and block Persian Gulf oil when Israel attacks Iran. We believe both Russian and U.S. forces will be humiliated if they get involved in the next Mid-East War but this war will not be the one to escalate into a nuclear confrontation between the United States and Russia.

Rather than believing that God assisted the IDF, the Russians will probably believe that the Israeli weapons systems were more highly advanced than theirs. Therefore Russia will wait many years to build up and advance its weapons systems before it decides to launch a full scale invasion of Israel in the next war - which will bring nuclear war.

The prophet Ezekiel clearly informs us what will happen when Russia decides to invade Israel with a confederation of nations years after Israel expands its territory within the next few years (See Ezekiel Chapters 38,39): "Son of man, set your face against Gog, of the land of **Magog**, the prince of **Rosh**, **Meshech**, and **Tubal**, and prophesy against him . . . After many days you will be visited. **In the latter years you will come into the land of those brought back from the sword and gathered back from many people on the mountains of Israel, which had long been desolate; they were brought out of the nations, and now all of them dwell safely.**"

Linguists can trace the names "Magog", "Rosh" (Russia) "Meshech" (Moscow), "Tubal" (Tubalsk) to peoples living in Russia. This prophesy has not been fulfilled yet because God says that it will be fulfilled "in the latter years." Notice that the above scripture says that all of the Jews will be brought out of the nations to dwell safely in Israel. The Jews will regain their land back from their enemies and dwell safely in a greater Israeli State. The success of the IDF in the next war will move Russia to come against Israel with a massive military force in the future. Why would Russia assemble such a large force if they did not fear and respect the IDF from its previous success during the last war.

"You will ascend, coming like a storm, covering the land like a cloud, you and all your troops and many peoples with you ... You will say, I will go up against a land of unwallled villages; I will go to a peaceful people, who dwell safely, all of them dwelling without walls, and having neither bars nor gates - **To take a plunder and to take booty, to stretch out your hand against the waste places that are again inhabited, and against a people gathered from the nations, who have acquired livestock and goods**, who dwell in the midst of the land.

Notice that the above scripture says that many of the Russian forces "will ascend, coming like a storm." The word "ascend" speaks of the use of many Russian aircraft and helicopters. Yahweh God says through Ezekiel that Israel will acquire great wealth in livestock and goods. Russia will attack Israel to take its wealth.

Ezekiel prophesied that Israel will expand its true borders and become a very wealthy nation. This will eventually lead Russia to come all the way down from the far north to take much plunder.

“Sheba, Dedan, the merchants of **Tarshish**, and **all their young lions** will say to you, Have you come to take plunder? Have you gathered your army to take booty, **to carry away silver and gold, to take away livestock and goods, to take a great plunder?**”

The historic evidence suggests that “Tarshish” is The United Kingdom [Britain] and the young lions thereof are its daughter nations: The USA, Australia, New Zealand, South Africa, and Canada, would be young nations birthed from their English mother. Many nations around the world will complain about the attack on Israel but will be afraid to take any military action because of the size and power of the invading forces. Russia will not seek to nuke Israel because it will want to seize its wealth. It is very probable that Israel will excel the rest of the world in agricultural and technological inventions which will bring great wealth to its people.

“Therefore, son of man, prophesy and say to Gog, Thus says the Lord God: On that day when My people Israel dwell safely, will you not know it? Then **you will come from your place out of the far north, you and many peoples with you . . .** You will come up against My people Israel like a cloud, to cover the land. I will bring you against **My land, so that the nations may know Me**, when I am hallowed in you, O Gog, before their eyes . . . And it will come to pass . . . **when Gog comes against the land of Israel** . . . that **My fury will show in My face** . . . I will call for a sword against Gog throughout all My mountains . . . And I will bring him to judgment with pestilence and bloodshed; **I will rain down on him, on his troops, and on the many peoples who are with him, flooding rain, great hailstones, fire, and brimstone.** Thus I will magnify **Myself and sanctify Myself, and I will be known in the eyes of many nations. Then they shall know that I am Yahweh** . . . **And I will send a fire on Magog [Russia] and on those who live in security in the distant shores (The USA). Then they shall know that I am Yahweh.**”

Russia is clearly the nation that will come “out of the far north.” Russia is geographically located directly to the far north of Israel. God says that He will bring the great Russian army with many allied nations with it against Israel to show the whole world that the most advanced and mightiest armies cannot defeat Israel when Yahweh God backs it.

Notice that God says that He is furious against Russia for coming against “My land.” God has revealed to us that He is also furious against the United States and other nations who have pressured Israel to give up its land to its enemies. If God says that this is His land which belongs to His people Israel who are we to dare say that it belongs to Israel’s enemies? This is another major reason why God is going to allow swift judgment to come upon the United States.

The terrorist strikes upon the United States is just the beginning of God’s punishment upon America. God is against the United States of America for pressuring Israel to divide its land which God promised to the Israelites. If God said it belongs to Israel who are we to say it belongs to the Arabs? God will not allow Israel to be manipulated by America much longer!

Just as God destroyed Sodom and Gomorrah, God is going to again send down “fire and brimstone” from heaven to destroy the Russian military force and its allies. Prior to the divine intervention of God to destroy the Russian invaders, Christians all around the world will be preaching these Bible prophecies to the whole world. When everything comes to pass just as the Bible had predicted many centuries ago, many more people will turn to the LORD.

When Russia invades Israel I plan to contact the Media, (both TV. and Newspapers) preferably from outside of the USA to inform them what is going to happen next according to the ancient Hebrew Prophets. I will again inform all people living in Russia and in the United States to purchase plane tickets (regardless of the cost) and quickly get out of these nations before the nuclear attacks occur. When these things come to pass exactly as the scriptures have foretold, many people from all the nations will know that Yahweh is the true God. Many will then obey the gospel and turn away from Evolution, Agnosticism, and the various false religions of the Earth. The greatest ingathering of souls will happen in these last days. However, most of the earth’s inhabitants will continue to disobey the God of the Heavens and the Earth.

Ezekiel goes on to state that Russia will lose two third’s of its army through God’s miraculous intervention by a massive earthquake, flooding rain, great hail stones, fire and brimstone from heaven, and through sending confusion so that military units attack each other. There will be so much confusion in the Russian military that every man’s weapon will be against his brother (Ezekiel 38:21). In other words, the Russian military and its coalition forces will become so confused that they will slay each other, even with their high tech weapons. The Russian military units may even launch nukes upon each other. It is very possible that the Russians will think that the United States of America intervened to destroy its forces through nuclear weapons rather than God sending fire and brimstone from heaven. It is interesting to note that after Russia’s army is decimated in Israel God says:

“And I will send a fire on Magog [the Russian homeland] and on those who live in security in the distant shores (the USA).” Ezekiel 39:6

We are uncertain how much damage Russia and the United States will do to each other through nuclear weapons but we are sure that the damage will be extensive. It is possible that the U.S.A. may cease to be a nation but we are certain that Russia will continue to exist because of its huge territory.

**RUSSIA AND AMERICA WILL LAUNCH NUCLEAR BOMBS
ON EACH OTHER IN THE FUTURE!**

WHY ISRAEL WILL NOT USE NUKES AGAINST THE RUSSIAN INVASION

It is very probable that Russia will strike Israel with a surprise EMP attack (or some technology like it) to immobilize Israel's high tech military and its ability to use its nukes prior to sending its ground forces. The EMP technology I'm talking about would cause all electronic devices throughout all of Israel to break down without destroying the people or their possessions. This would knock out Israel's high tech weapons, leaving Israel defenseless against the Russian invasion.

If Russia did not take out the IDF with the EMP or something like it then Israel would probably use its nuclear weapons to defend itself. The Bible says that Russia is going to attack Israel to take its plunder, livestock, and goods and that God is going to send "fire and brimstone" against the Russian invaders. Therefore we know that Russia will not nuke Israel and that Israel will not be able to use its nuclear weapons when it is invaded by a massive coalition of military forces led by Russia.

I personally believe that Russia would be too fearful to launch a ground assault upon Israel unless it knew that Israel could not use its nukes. I believe that Israel will not be able to use a single plane or missile against the Russian military coalition. I believe that Russia will blame the United States for launching a nuclear attack against its forces in Israel because it will be the United States that will use its political clout against Russia the most. It will also be the United States that will mobilize their military forces to put them in striking distance against Russia and its military forces. I believe that NATO and the European nations will be at peace with Russia at this time. That is why Europe will survive to lead the nations into a one world government led by the anti-Christ. Europe may even side with, or be a part of the coalition of forces joined with Russia to invade Israel for refusing to withdraw from occupied, former Arab territories. Most of the world will hate Israel for annexing territory and building new Israeli communities in the former Arab nations. Therefore Russia and the coalition forces with it will have all of global support for invading Israel.

The U.S. military high alert level will cause Russia to fear the U.S. military and move its warships and submarines into positions where they can quickly strike back at the United States. All of these factors will lead Russia to believe that the USA launched the attack upon its military in Israel rather than the divine intervention of Yahweh God.

Since Russia will be tracking American military movements (Russia will track all U.S. submarines and warships as they move closer to the Middle East and the Russian homeland) for fear that the U.S. Navy will strike Russia and its military forces because of the Russian invasion of the Middle East and Israel. If Israel controls substantial oil fields in Arabia from a prior war, the United States will have another big reason to intervene against the Russian invasion. It is very probable that the Russians will think that the United States Military intervened to save Israel by attacking its forces with nuclear weapons. If so, what do you think Russia will do? Russia will order its military to launch a nuclear counter attack upon all the United States military bases all around the world and upon the United States homeland itself. If the United States is attacked by Russia's nuclear weapons the American military will launch its nukes against Russia's military and its homeland.

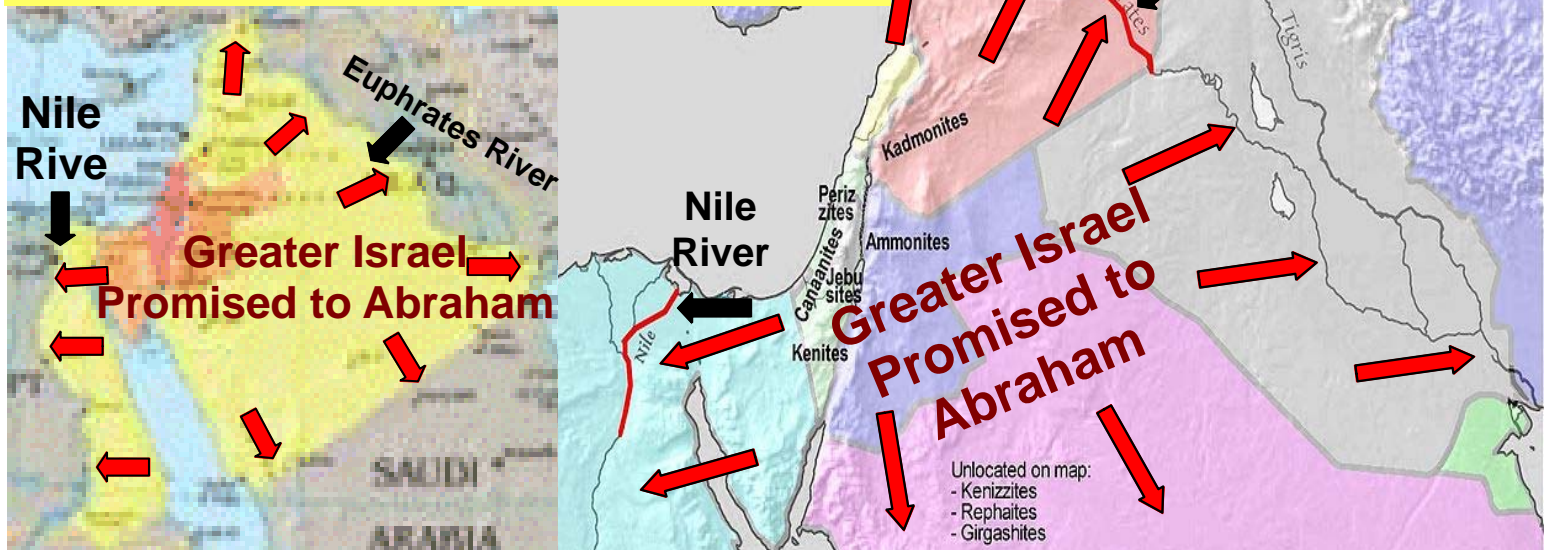

Even if America is taken by surprise there should be many American nuclear submarines on patrol that could easily strike Russia. Therefore both nations will suffer greatly from this war but God has revealed to us that the much, if not all of the United States will be essentially wiped out while Russia will continue to exist, yet as a much weaker nation. Later Bible prophecies speak of Russia resisting the anti-Christ. Therefore we believe that the U.S.A. will for the most part be destroyed while Russia will be severely weakened.

I know that this is terrible news for Americans to hear but that is what God is saying. I served in the U.S. Marines and I had always been patriotic towards America. However, my primary loyalty and allegiance is to God and to His Kingdom rather than to any nation of this world. The Bible calls Christ's true followers "citizens of heaven." Therefore all true Christians must be willing to obey God rather than men.

The God of heaven has decreed judgment against America because almost all Americans have turned from their faith of their fathers and grandfathers and have become selfish and wicked before the Lord. America use to acknowledge God and His blessings but now most Americans believe that their wealth and blessing came from their own power rather than from God. The Lord says that He now takes back His hand of blessing from America! Many times I have tried to persuade God to not judge America but to no avail! America is going to experience God's wrath because this nation is like Sodom and Gomorrah in His sight! All who fear God must be prepared to depart out of the U.S.A. in the near future!

GREATER ISRAEL

God promised Abraham that the land of Israel will extend from the Nile river in Egypt all the way to the Euphrates river in Iraq.

Above Maps: The small nation of modern Israel is but a fraction of the size that Yahweh God had promised to Abraham, Isaac, Jacob, and Joshua: "... Yahweh made a covenant with Abram, saying, To your descendants I have given this land, from the river of Egypt to the great river, the river Euphrates - (and the lands of) The Kenites ... Rephaim ... Gergashites (Genesis 15:18-21)." Yahweh God later said to Joshua that these lands belong to Israel (Joshua 13:1-6).

The Kenites, Rephaim, and Gergashites were located in Arabia. Therefore Israel may defeat all of its Islamic neighbors including Saudi Arabia, Jordan, Egypt, Lebanon, Syria, and Iraq. Many believe that these borders will not be achieved until the Messiah returns. Yet it is certainly possible that Israel will crush all of its enemies in the next war, or succession of wars, and refuse to withdraw from these lands.

Why would Israel give back the lands that God promised? And why would Israel again repeat the mistake of giving back the land just to have these lands used as platforms to launch missiles and terrorist strikes against its citizens? The prophet Ezekiel predicted that Israel will experience a short time of peace and prosperity in its land in the last days. How could that happen with hostile nations harboring terrorists so close to its citizens? Israel will likely place most of the IDF in distant occupied lands as a buffer zone to protect its citizens.

In the next war Israel is likely to engage Syria, Iran, Hamas in Gaza, and Hezbollah in Lebanon. When Israel seizes all of Lebanon, Gaza, and much of Syria it will likely stir up many nations, including Russia. When Russia and many other nations get involved to stop the Israeli advance, nations such as Egypt, Jordan, and Saudi Arabia may enter the fray. It is probable that Israel will use its arsenal of hundreds of nuclear neutron bombs against its enemies in the near future, fulfilling the prophecy of Zechariah 14. The neutron bombs could kill millions of people while leaving the land habitable for future Israeli settlements.

I believe that the Middle East will be the next place where nuclear bombs will be used. Somehow Israel is going to find a valid reason to use its nukes to protect its citizens, fulfilling Zechariah chapter fourteen. The Israeli / Muslim conflict may set off a global confrontation but somehow a World War III scenario will be averted until the full scale Russian advance on Israel occurs years later. The whole world will be glued to their televisions because there will be great fear of an all out war with Russia and its allies. Yet it is unlikely that WW III will take place until after Russia decides to invade Israel with a coalition of nations. When Russia does invade Israel with a massive army, Christians living in the United States and Russia should quickly escape out of these nations because a nuclear holocaust is imminent!

If Israel were to take control of the Saudi oil fields the whole world would pressure Israel to quickly withdraw. If I am right, Israel will not be quick to withdraw just to fight another war again. Since Israel might control most of the oil in the Middle East the whole world would have to depend on Israel to keep the oil flowing. This would greatly enrich Israel and encourage the Jews in America and throughout the world to all immigrate to Israel. I'm not sure how it will all pan out but I am sure that Israel will expand its borders to make room for about seven million more American Jews who will immigrate to an expanding Israel. The Israeli military victory will give rise to a spiritual and national awakening which will lead to the rebuilding of the Jewish Temple! This Temple will later be desecrated by the Anti-Christ.

Bible prophecies indicate that Israel will expand its borders and experience a period of peace and prosperity prior to a future Russian invasion with a coalition of other nations with it (Ezekiel 38,39)! It certainly makes sense for the Muslim world to pressure the rest of the world to make Israel give back Muslim lands. Russia will probably pretend to be assisting the Muslim nations of the Middle East but God says through the prophet Ezekiel that Russia's real motivation for coming against Israel will be to seize the wealth that Israel will accumulate!

I do not claim to hold the office of prophet but sometimes God does give me prophetic dreams and visions. Many years ago (before I was ordained and before I knew anything about a prophesied Russian invasion in the Bible) I saw a clear vision of a foreign Caucasian crew operating high tech computerized equipment inside a submarine. At first I thought they were German because they were all fair skinned and some were blond but as I continued watching them and hearing them speak (in the vision) I soon understood that these were not Germans but Russians. The Russians were operating computerized equipment and were speaking to each other as if they were in the midst of a military confrontation. I saw one of the Russian sailors pressing a button and then I saw that vision dim out and I saw the open ocean with a missile shooting out of the water and into the sky. Then that vision dimmed out and I saw a vision of New York City. This is all I saw and no more. I felt the mighty presence of God's Spirit remaining upon me as I continued communing with the Lord. I knew from then on that New York City would eventually be destroyed.

WARNING: Russian Nuclear Submarines have again resumed their patrols off the coasts of the United States. No matter what the U.S. Government may say to allay American fears, Russia will attack America by launching nuclear missiles from these subs.

Why is Russia still so dangerous? Russia is still a great military threat to the United States of America because it has highly advanced submarines, fighters, bombers, and intercontinental missiles. The Russian leadership has chosen to support rogue nations like Iran, Syria, Venezuela, and North Korea. The world has smoking gun evidence that Iran, Syria, and Venezuela sponsor terrorists. Yet Russia has chosen to support and even defend these nations.

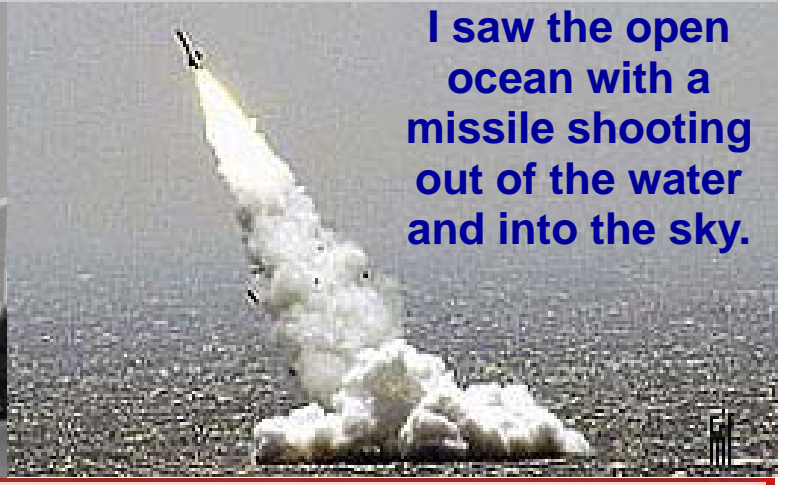

Russia is not a good and friendly nation. It still has evil ambitions to dominate the world. Many nations that left the former Soviet Union are now close to the West. The Russian attack on Georgia showed how easily Russia and America could get into a military confrontation. It is just a question of time until a major war breaks out. We are living in the most dangerous time in all of human history because atomic bombs can instantly destroy many millions of people.

IN MY VISION: The Russians were operating computerized equipment and were speaking to each other as if they were in the midst of a military confrontation. I saw one of them press a button. Then I saw that vision dim out and I saw the open ocean with a missile shooting out of the water and into the sky. Then that vision dimmed out and I saw a vision of New York City.

Russian Sailors in dress uniforms.

I saw the open ocean with a missile shooting out of the water and into the sky.

In 2009 Yahweh God confirmed to me that New York City and most of America would be destroyed by nuclear missiles from Russian submarines and that much of the world will weep and mourn over the destruction of America. I know that this is not what Americans want to hear but this attack is going to be the final culmination of God's judgment against America for its rampant sin that has spread to the rest of the world through wicked and blasphemous movies against Christianity (and its morals), rampant immorality, the merciless murder of millions of unborn children, and Americas continued pressure upon Israel to divide its land that Yahweh God promised to the Israelis. Many terrible calamities will first strike the United States before its final destruction from the Almighty (See our Booklet entitled "A WARNING TO AMERICA")!

In 2008 and 2009 God revealed to us that the United States of America will experience a very severe and long lasting depression, coupled with increasingly violent weather conditions on a level never seen before (huge hurricanes, floods, tornadoes, and sudden destructive winds), earthquakes, volcanism, a collapsing U.S. dollar, hyperinflation, an oil and food crisis, rampant violence, riots, and famine in the breadbasket of the United States of America.

God will bring in His elect into His true church from America while the American Jews will be going to Israel. After this, God's elect in the United States will go out into the nations to preach the everlasting gospel. Then the United States will be destroyed by fire and the one world government will form with the anti-Christ revealing himself as its ruler. True Christians worldwide will be severely persecuted and martyred for a short period of time just before the rapture of the true Church of Jesus occurs. All of these events have been clearly predicted by God's apostles and prophets in the Holy Bible.

THE RUSSIAN THREAT

Most Americans do not realize that Russia is more of a threat to the United States than it was during the cold war. I recently read an article dated September 18, 2008 in which Russia successfully tested its new Bulava missile from a nuclear powered submarine. The Bulava missile is carried by Borey class Project 955 nuclear powered submarines which will form the core of Russia's fleet of modern nuclear submarines. Each submarine is equipped with 16 Bulava (SS-NX-30) ballistic nuclear missiles. This may sound quite formidable in itself. However, each of these Bulava missiles carries up to ten nuclear warhead missiles having a range of 8,000 kilometers. The continental United States from the east coast to the west coast is about 4,827 kilometers. Therefore the Russian submarines can easily strike every single location in the United States of America while operating in international waters off of America's coasts.

It is hard to imagine the destructive power that just one of these Russian nuclear submarines carry. Each modernized Russian submarine carries up to 160 nuclear warheads on 160 different missiles (each huge Bulava missile rises out of the ocean to send off ten different nuclear warhead missiles in ten different directions with precision accuracy). Just one of these Russian subs could destroy 160 different cities and devastate America with nuclear fallout. Each of these nuclear missiles are far more powerful than the bombs dropped on Hiroshima and Nagasaki at the end of World War II. Russia currently has a combined total of at least 5,192 nuclear bombs which are far more powerful than those that were used on Japan.

Experts agree that Russia has the power to completely destroy America many times over! The combined force of so many nukes going off all at once may bring disastrous consequences to the entire planet; possibly causing a shift in the earth's rotation, gigantic earthquakes, massive volcanic eruptions, gigantic tidal waves, world wide flooding, a nuclear winter in the Northern Hemisphere, and enormous changes in the world's weather patterns. The Bible has predicted in Revelation 6:8 that a fourth of the world's population will die as a result of the four angelic horsemen sent to bring global wars, global murder and violence, global famines, and global plagues bringing death to millions.

**Can the U.S. military
protect Americans
from the massive
Russian nuclear
threat?**

**The Bible says that
God will send a fire
on Russia and on the
distant shores of
America. Therefore
the U.S. military will
not be able to protect
its citizens from the
coming nuclear
holocaust!**

In my vision I saw fair skinned young men operating high tech computerized equipment from inside a submarine. At first I thought they were Germans because they had fair skin and a few had blond hair. But as the vision continued I soon noticed that they were speaking Russian. I had seen a prophetic vision of a future Russian attack on the United States of America.

The Russian fleet of submarines is large enough to completely destroy the United States of America. The prophet Ezekiel predicted that a great fire would be sent upon Magog (Russia) and those who dwell carelessly in the distant shores (The United States). This appears to be the fire of a nuclear missile exchange between the two superpowers.

My prophetic vision of the nuclear destruction of America will not happen in the immediate future because the Spirit has led me to continue preaching in the United States in order to reap the great ingathering of souls that must first take place before this judgment occurs. God is going to allow Russia to successfully destroy most of America in the future because God sees the USA as Sodom and Gomorrah. As the cities of Sodom and Gomorrah were completely destroyed by fire so will most major cities in the U.S.A. be completely destroyed.

The Spirit that informed me and many others that the United States will one day be destroyed will also inform me and others when to let God's people know to get out of the United States. While praying with the church I saw a vision of an angel hurling a great ball of light from heaven. It hit the populated area in and around New York City. Then I saw thousands of small lights fly up into the atmosphere and fall all around the entire globe. I knew by the Spirit that the ball of light was the latter day outpouring of God's Spirit and power in His Church and the thousands of small balls of light were groups of Christians departing out of the U.S.A. before its destruction.

The Lord of heaven will send out a revived American church that will leave the United States before its destruction in order to preach the true gospel to all of the nations of the world before the end of this age. After the true Church leaves the American version of Sodom and Gomorrah God will hasten its destruction. Just as Lot and his family left Sodom so will the true church be warned by angels when it is time to get out. All professing Christians who are caught up with their conveniences and possessions in America will also perish. Remember Lot's wife!

Most professing Christians and mega churches are going to discount this warning because they also are to caught up with the pleasures of this life. Only God's true elect will heed the call to depart out of the United States before it is destroyed by fire.

Are we really safe in America? The destruction of the twin towers is just a small warning sign compared to the complete destruction of America that is coming through modern nuclear bombs!

God wants His people to wake up and realize that America's days are numbered. True Christians should not get to comfortable in the USA because God now looks at it as Sodom and Gomorrah. Just as the inhabitants of Sodom and Gomorrah were punished for their sins so will Americans be punished for theirs.

Many American States are beginning to accept homosexual marriages because homosexuality in this country has become so rampant that it is now widely accepted as normal behavior. America's morals have declined so rapidly that people are now declaring evil to be good and good to be evil. The liberal Obama administration has made it mandatory that all American children be taught to accept homosexuality as a legitimate and normal way of life.

The God of heaven is furious at America and its leadership! Most Americans are no better than the wicked Sodomites because they do not believe that homosexuality is an abominable sin before God. It is now okay to do whatever one wants with one's own body, even if a woman murders her child inside her womb. The blood of about 50 million unborn children is upon the head of America and its leaders! Since America is the original source of much of the wickedness that has spread throughout the Earth, God is going to judge her first.

Let all the inhabitants of the earth know that we are now living at the very close of the end of this age. The God of heaven is sending plagues and judgments in increasing severity because He is ready to judge this world and all of its inhabitants. There will be great signs and fearful calamities that will awaken many to turn to the living God. Yet most of the earth's inhabitants will curse and blaspheme God for these judgments!

Jesus accurately predicted the conditions that will plague the earth in the last days before His appearing: **“And there will be great earthquakes in various places, and famines, and deadly illnesses; and there will be fearful sights and great signs from heaven ... And there will be signs in the sun, in the moon, and in the stars; and on the earth distress of nations, with perplexity, the sea and the waves roaring; men’s hearts failing them from fear and the expectation of those things which are coming on the earth, for THE POWERS OF THE HEAVENS WILL BE SHAKEN!”** Luke 21:11,25,26

People are going to get heart attacks just from the stress of hearing about all of the terrible calamities unleashed upon the world at the close of this age! The United States of America, Russia, and the nations that fight against Israel in the last days will be incinerated by the fiery blasts of nuclear bombs. Those who truly believe in the Word of God will be saved from this destruction. Just as righteous Lot fled Sodom at the angels command so the true church of Jesus Christ will flee the areas where God will pour out His wrath before it is too late! This booklet contains God’s warning! God warns people to repent before bringing His judgment!

The God of Heaven has already sent out the four horsemen of the book of Revelation chapter six. Just as the angel of death plagued the disobedient and idolatrous Egyptians so the four angelic horsemen are already riding throughout the earth to plague the disobedient and idolatrous inhabitants of the earth. This is just the beginning of God’s plagues and judgments coming on the earth. The four horsemen will lead us into the last seven years of plagues and judgments of the end of this age just prior to the coming of the Lord Jesus to set up His Kingdom on planet earth.

We believe that our planet is going to see terrible judgments from the Lord God of Heaven within the next three decades (this booklet was written in 2009) in which at least one fourth of the worlds population will die from war (including nuclear war), famine, violence, and disease (See Revelation 6:1-8). During this time of severe calamities and nuclear holocaust God will awaken His elect from the whole earth to enter into His true church.

God’s Word is true! If you want to escape the fiery judgment to come you must obey God’s Word. God’s Heavenly Kingdom is an everlasting Kingdom with real commandments for His subjects to obey. All who will enter into God’s Kingdom must enter through the only legal doorway into it. Jesus gave the keys to the Kingdom of Heaven to His servant Peter. The apostle Peter unlocked the doorway for all men to enter into the Kingdom of God as revealed in Acts 2:38. All who enter God’s Kingdom must enter in lawfully through the Name of Jesus Christ:

“Then Peter said unto them, Repent and be baptized, everyone of you, in the Name of Jesus Christ, for the remission of sins, and you shall receive the gift of the Holy Spirit.” Acts 2:38

Have you truly believed the Word of God? Have you truly repented of all wrongdoing? Have you been baptized in the Name of Jesus Christ for the remission of your sins? Have you received the gift of the Holy Spirit?

“How shall we escape if we neglect so great a salvation, which at the first began to be spoken by the Lord [Jesus], and was confirmed to us by those who heard Him [the apostles]?” Hebrews 2:3
